Overview

Each page is written to be read on its own, without the pages around it. Where a number moved, the note beside it says what moved it. The examples are drawn from real briefs, with client details removed. The appendix lists every source, with the date it was last checked.

Every figure in this document comes from the last four quarters of reporting. Use the sections in order the first time, then return to the ones your team needs. Dates and owners are left blank on purpose, so the template can be reused. Where a number moved, the note beside it says what moved it.
