

K2 warranty

What is covered, for how long, and how to make a claim.

01

Overview

The appendix lists every source, with the date it was last checked. Where a number moved, the note beside it says what moved it. Nothing here depends on a particular tool, so it travels between teams. Every figure in this document comes from the last four quarters of reporting.

Nothing here depends on a particular tool, so it travels between teams. Every figure in this document comes from the last four quarters of reporting. A short summary opens every section, and the detail follows for anyone who wants it. Each page is written to be read on its own, without the pages around it.

Dates and owners are left blank on purpose, so the template can be reused. Every figure in this document comes from the last four quarters of reporting. The examples are drawn from real briefs, with client details removed. A short summary opens every section, and the detail follows for anyone who wants it.

The checklist at the end is the version we use on live projects. Use the sections in order the first time, then return to the ones your team needs. Nothing here depends on a particular tool, so it travels between teams.
